

You will need to login or create your own free YouTube account, or use the account of a friend!

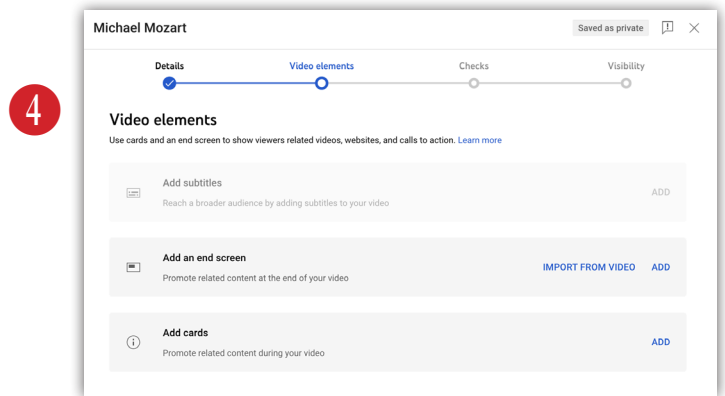

Choose or drag your audition file. Preferably, it should be an mp4 file.

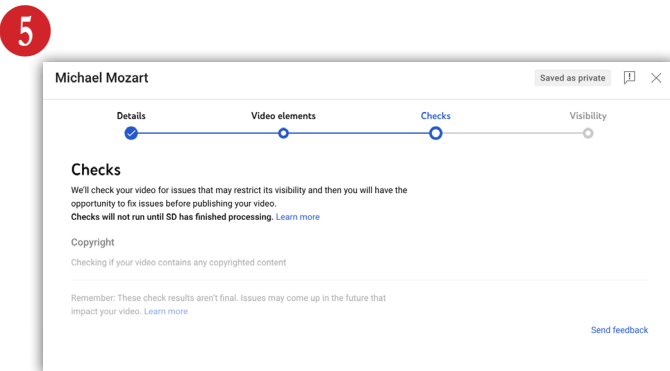

All you need to do here is click "No, it's not for kids"...

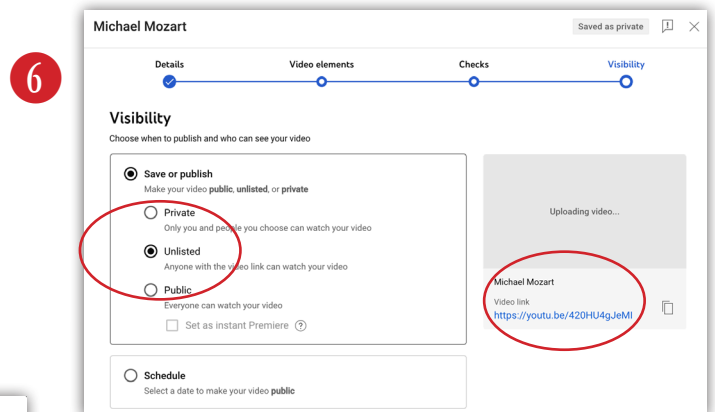

click NEXT

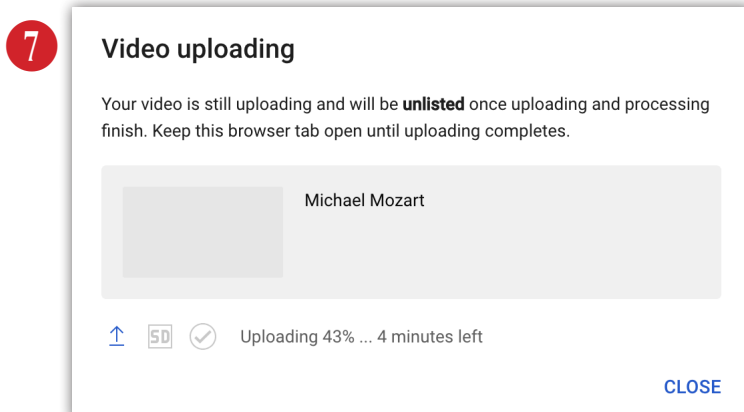

Nothing to do on this screen.... click NEXT

Nothing to do on this screen.... click NEXT

Click "Unlisted" - don't miss this important step! On the same screen copy the video link at the right - this is the link you must paste into your application

That's it!

You may have multiple links (one for each video) or one link if your video has all 4 pieces contained
